

Investing in the future!

European Union

- PROJEKT JE SUFINANCIRALA EUROPSKA UNIJA IZ EUROPSKOG FONDA ZA REGIONALNI RAZVOJ.
- THE PROJECT IS CO-FINANCED BY THE EUROPEAN UNION UNDER THE EUROPEAN REGIONAL DEVELOPMENT FUND.

Geotehnički studio d.o.o. je društvo koje je osnovano dana 22.02.1990. godine te od tada posluje neprekidno i konstantno se razvija. U tom je periodu počevši od jednog zaposlenika dosegao ukupno 42 zaposlena djelatnika uglavnom visoke stručne spreme, specijaliziranih u djelatnostima geotehničkih istražnih radova, in situ ispitivanja, laboratorijskih ispitivanja, geotehničkog projektiranja, geotehničkog nadzora, konzaltinga, monitoringa i zaštite okoliša.

Obzirom da je Geotehnički studio d.o.o. uvidio da u regiji postoji potreba za kvalitetnom geotehničkom i kemijskom analizom tla i vode, prijavio je projekt „**Ulaganje u geotehnički i kemijski (voda i tlo) laboratorij i akreditacija**“ na natječaj za nepovratna sredstva u okviru programa IPA IIIC „Potpora jačanju konkurentnosti malog i srednjeg poduzetništva“. Cilj natječaja je bio jačanje konkurentnosti malih i srednjih poduzetnika poticanjem ulaganja u tehnologije i proizvodne metode koje promiču zeleno gospodarstvo te jačanje razvojnih potencijala za nove i konkurentne proizvode u skladu s ekološkim i drugim međunarodnim standardima.

KROZ OVAJ PROJEKT OSTVARENI SU SLJEDEĆI REZULTATI:

- nabavljena je vrhunska oprema za specifične geološke, geotehničke i kemijske analize vode i tla (**dinamički troosni uređaj za nesaturirana tla, uređaj za određivanje sulfata**)
- zaposlene su tri osobe,
- laboratorij je akreditiran prema normi **HRN EN ISO/IEC 17025**,
- laboratorijsko osoblje je educirano za rad s vrhunskim uređajima i interpretiranje na njima dobivenih rezultata.

Geotehnički studio d.o.o. is the company founded on 22th February 1990 and since then has been continuously developing. In that period, starting with one employee, it grew to 42 employees, mostly highly educated and specialised in the field of geotechnical investigations, geotechnical design, in situ testing, laboratory testing, geotechnical supervision, consulting, monitoring and environment protection.

As Geotehnički studio d.o.o. noticed that there is a the need for quality geotechnical and chemical analysis of the soil and water in the region, its management has decided to submit a proposal for the Project „**Investment and Accreditation of Geotechnical and Chemical (Water and Soil) Laboratory**“ on the Call for Proposals Support for „Increasing the Competitiveness of Croatian SMEs“ grant scheme, under IPA IIIC component. The objectives of the programme were strengthening the competitiveness of Croatian SME's by Investments in technologies and production methods related to introduction of energy efficiency and eco in production processes and to increase development potential for new and competitive products in compliance with eco and other international standard.

THROUGH THIS PROJECT THE FOLLOWING RESULTS ARE ACHIEVED:

- investment in state of the art laboratory equipment for specific geological, geotechnical and chemical (water and soil) testing and analyses (**Dynamic/cyclic triaxial testing system with upgrade for unsaturated triaxial testing of soil, Analyser for Sulphate**)
- employed are 3 persons,
- laboratory accredited according to HRN EN ISO/IEC 17025 standard,
- laboratory staff educated for working on state of the art equipment and interpretation of such obtained results.

OVIM PROJEKTOM GEOTEHNIČKI STUDIO D.O.O. PODIGAO JE SVOJE USLUGE NA JOŠ VIŠU RAZINU TE TIME POVEĆAO SVOJU KONKURENTNOST U HRVATSKOJ I REGIJI, TE TRŽIŠTU EU.

WITH THIS PROJECT GEOTEHNIČKI STUDIO D.O.O. UPGRADED THE LEVEL OF ITS SERVICES AND INCREASED THE COMPETITIVENESS OF THE COMPANY IN CROATIA AND REGION, AS WELL AS ON THE EU MARKET.

Naziv projekta / Project title: **Investment and Accreditation of Geotechnical and Chemical (Water and Soil) Laboratory**

Naziv korisnika / Beneficiary: **Geotehnički studio d.o.o.**

Ukupna vrijednost projekta / Total project cost: **212.038,30 EURO**

EU sufinanciranje projekta / EU co-financing: **155.000 EURO**

Razdoblje provedbe projekta / Project implementation period: **20.06.2013.-19.12.2014.**

Izvođač radova / Contractor: **Terra plant d.o.o.**
